

The crisis hits home: Illinois' local pension problem

Appendix

p. 2-4	Summary of audit scores for Illinois' 114 largest cities - based on 10-metric index (maximum score = 100)
p. 5-7	2012 audit scores by individual metric (maximum score per metric = 10)
p. 8-10	2012 audit data - Data used to determine individual metric scores
p. 11-13	2012 additional data - Background data used to calculate individual metrics
p. 14-16	2003 audit scores by individual metric (maximum score per metric = 10)
p. 17-19	2003 audit data - Data used to determine individual metric scores
p. 20-22	2003 additional data - Background data used to calculate individual metrics

Appendix

1) Summary of audit scores for Illinois' 114 largest cities - based on 10-metric index (maximum score = 100)
